Most of the passengers were fast asleep in the plane. It was already half past nine at night when it took off. I was watching a movie while my wife was reading a story. My little daughter was playing with her toy. Suddenly, we were all **shocked** to hear a very loud cry from a young lady. She screamed, "Help! He's going to kill me."

Many people ran towards her. We asked her where the murderer was. She looked around her for a few seconds, then to us, and finally said in a whisper, "what a terrible dream! He killed my mother and sister." We comforted her, saying that she felt better; we returned each to his seat. I noticed an old man who was sitting beside the young lady kept talking with her all through the last fifty five minutes. I asked myself what **they** were talking about.

When we got off the plane, I came close to the old man and said to him, " it was kind of you to keep talking with the young lady to help to be quiet." He said, " Oh, no! I only wanted to prevent her from sleeping again and having another bad dream!"
