B) Reading Comprehension (16 Marks)

-Read the following passage carefully, then answer the questions below:

16

Octopuses are very intelligent sea animals. They are fast swimmers. They can learn new things just like people. They've even learned to get away from dangerous things. If an octopus sees a dangerous animal like a shark, it can easily escape. Octopuses don't have sharp teeth to protect themselves. They use other ways to do that. They like to hide themselves in the sand in the bottom of the ocean. Octopuses can change their colour, to be like the sand, so other animals can't see them. Some of them like to hide between rocks and coral reefs. Similar to squids, octopus can hide by spraying ink. The ink makes a cloud that hides the octopus. It's like magic.

Octopuses have flexible bodies, they are usually small in size. An octopus has eight arms, two eyes, three hearts and a large head. They like to eat worms, fish, shrimps and crabs. What a strange sea animal!

a) From a, b, c and d choose the correct answer: :(6 X2 = 12 Marks)

9. The best title for the text is:
- An Amazing Sea Animal.
 - Hiding from Dangers.
 - Different Sea Animals .
 - Beautiful Coral Reefs
