B) READING COMPREHENSION (16 Marks)

16

Read the following text carefully, then answer the questions below:

Trees have an important part in life. We see trees in streets, parks and in front of houses. They make a beautiful environment wherever we find them. Trees come in many **different** shapes and sizes. Trees can be small or large. Some trees can grow up to sixty-three metres tall. Others may be shorter than two metres. Some trees grow in cold areas like pine trees. They are often found in mountains. Other trees grow in warm areas like palm trees. **They** are often found on beaches. Some trees can live for thousands of years.

People care to plant trees all over the world for many reasons. They make any place looks lovely and nice. People can get together under the cool shade of trees. They help people to stay healthy by cleaning the air for them. We also get food from some trees. All you need to plant a tree are some seeds, soil, water, and sunlight. We should all help the environment and plant more trees.

a) Choose the correct answer from a, b, c and d: (6 x 2 = 12 m)

9. Which of the following is the best title for the passage?

- a) Weather and Environment b) Future Environment
