# B) Reading Comprehension (16 Marks) -Read the following passage carefully, then answer the questions below:

One day, a farmer went out to his farm to gather coconuts. He found many coconuts and put them all on his horse cart. On his way home, he met some boys playing in the yard. The man asked, "How long will it take to reach my house?" One boy looked at the heavy loads of coconuts and said, "If you go slowly, you will arrive very soon, but if you go fast, it will take you all day to reach your house. The man laughed at the **strange** answer and these silly words and began to hurry. Unfortunately, all of the coconuts fell off and he stopped to pick **them** up.

The man hurried again to make up for lost time. Again, the coconuts fell and the man had to stop to pick them all again. When at last he reached home, it was so late at night. The man was very exhausted but he began to think of what the boy had said, and it did not seem strange any more. It's not the matter of doing things fast but it's really how to care about it and do it in the right way. I got it now "Haste makes Waste".
