#### B) Reading Comprehension (16 Marks)

#### Read the following passage carefully, then answer the following questions:

 $\overline{16}$ 

Once upon a time, there was a young farmer named Jack. He was not active and didn't take good care of his farm. One day, an old man gave him a special golden tool. The old man said, "This tool can <u>unlock</u> a treasure, but remember, real treasure comes from hard work and being keen on doing your best."

Jack went searching for the treasure. He made big holes in the farm and looked everywhere for weeks, but he couldn't find it. Feeling tired and sad, he went back home.

Jack realised his mistake. He understood that the old man meant something important. Instead of searching for treasures, he decided to take better care of his farm. He worked hard and looked after <u>it</u> every day.

As time passed, people noticed the change in Jack. They liked his keenness and hard work. They respected him for his efforts, not for having a treasure.

Jack learned that true happiness and success don't come from money or even from having gold. They come from working hard, being responsible, and doing your best. It's not about what you have, but how you work and how to make others respect you, that is the real treasure.
