#### **B) Reading Comprehension** (16 Marks)

#### Read the following text carefully and then answer the questions below:

Libraries are very important places where all people can get information and knowledge. They have different kinds of books, dictionaries and stories. The very earliest libraries were built five thousand years ago. School libraries play a great role in all school members' lives because <u>they</u> improve students reading and thinking skills. They help students be smart and

creative. Libraries help students to learn better as they make learning programmes rich and **interesting**. They also help teachers get all kinds of information they need to teach their lessons well.

At the library there will always be someone to help you find what you want. This person is called the librarian. A library without a librarian is just a collection of books. It is the librarian who brings it all together. He can help you find different books about any subject you want or information you need from magazines, newspapers or even on the Internet.

Modern school libraries are different from old ones as they have comfortable furniture, beautiful decoration, technology and computers to make it easy for students to sit, relax, and read e-books too.

#### a) Choose the correct answer from a, b, c and d: $(6 \times 2 = 12 \text{ Marks})$
