#### **B- Reading Comprehension (16 Marks)**

#### Read the following passage carefully, then answer the questions below:

16

Dr. Abdul Rahman Al-Sumait was a Kuwaiti Islamic scholar, medical practitioner, qualified doctor but more importantly, a humanitarian. He was famously known for his voluntary and philanthropic works in more than 29 African countries.

Al-Sumait's interest in charity work started as a secondary school student when he observed poor workers waiting for

transport in the heat. With some friends he decided to save up from their pocket money and buy an affordable car to drive these workers for free. At university, Al-Sumait used most of his salary to **purchase** Islamic books and distribute them at mosques.

Al-Sumait became interested in Africa when he felt and saw that it was being neglected. In 1981, Al-Sumait founded the Africa Muslims Agency, which was later renamed as 'Direct Aid' society. It provides extensive humanitarian assistance to poor Muslims throughout Africa. He also established Kuwait Relief Agency and was the chief editor of Al-Kawthar Magazine. By the time he was 35 years old, he decided to move and live in Africa. He dedicated 29 years of his life **there** helping millions of children with education, shelter and religion.

Although Al-Sumait's journey in Africa was a major success, it was full of difficulties. Because of his long travels in African jungles, he got high blood pressure, diabetes, and malaria. In Mozambique, Kenya, and Malawi, he was attacked by deadly snakes. Some dangerous armed groups in these areas also tried to kill him because of his impact on the poor. However, he remained determined to accomplish his aim of bringing peace and aid to Africa.
